THE MINUTES OF THE REGULAR MEETING OF THE MRAC HELD ON MAY 7th, 1942

The meeting was called to order by Pres. Kircher at 8;35 PM.

Due to the length of the program the usual roll call and minutes of previous meetings were not read.

Pres. Kircher called upon the Secy. who introduced the speaker of the evening: Prof. O. Neil Olson of the Marquette School of Engineering who delivered a very interesting illustrated lecture on that terrible insturment of destruction, the demolition bomb. The title of his talk was "Air Raids And Civillian Defense"

Due to the lateness of the hour roll was not called , however a rough count revealed about 40 men present.

The meeting was declared adjourned at 9;50 PM

Respectfully submitted,

Reid H. Burrows Secy.
